

# NEIGHBORHOOD SPOTLIGHT

We know it takes all of us, from elected officials to business owners, non-profits to local donors and most importantly, residents, to create vitality within our communities.

COMMUNITIES

That's why Legacy Foundation Neighborhood Spotlight was created. To revitalize communities in Lake County, neighborhoods will prioritize projects they identify as important, such as better education, diverse housing choices, safer streets or a cleaner environment.

COLLABORATING

It takes collaboration from the entire community to truly have an impact. That's why we encourage residents, organizations and businesses within a neighborhood to work together to collectively create their plan.

No matter how great our quality of life is, we can always make it better, not just for ourselves but for the next generation. Neighborhood Spotlight can be the catalyst for creating a more vibrant Lake County.

COLLECTIVELY

Legacy Foundation has partnered with the Indiana Association for Community Economic Development (IACED) to provide a series of initial trainings for neighborhoods who have expressed interest. Legacy and IACED will continue to help the selected neighborhoods set goals and guide them through community change.
