Recreation and Culture

Your table will discuss the current recreational and cultural opportunities in your community.

Keep these points in mind

- Currently, the Region has 168.6 miles of trails.
- Lake County has the highest measured air pollution in the state of Indiana.
- Among the 92 counties in Indiana, Lake County residents have the greatest access to exercise opportunities (parks or recreational facilities) in the state.
- Northwest Indiana is home to over 30 unique attractions like Buckley Homestead living history farm, Pierogi Fest, and County Line Orchard.
Prompts

1. What positive cultural or recreational activities does your community currently have and what is needed in your community?

2. Does your community have public spaces where people of all ages can gather, interact, and be social?

3. Do you know if your community has any environmental initiatives? If not, what should your community be doing to help the greening of the Region?

4. How would a stronger arts and cultural presence strengthen your community?
